Journeys of Reason, Spirit, and Personal Search

for the needs of Our Time

A World Awakens !

A Secret lies in store for the Hearts of all,

And for those Who are Lovers of Truth...

◆ Listen, to Open

& S T R E T C H the Mind into the Vast,

Fantastic, Wide- Open Spaces

To Nurture the Heart of a Healing more Powerful
than the ages, reaching Deeply into those souls open to its Light

Our World is strongly affected in that opening ...

Answers will be found only in places of the greatest Power

The answers lie in Unity & in Spirit

Our own fate & that of our world is entwined in this Amazing age, an Age of dread & wonder.

No longer can we each seek only our own salvation, for **we are all one.**

We must look beyond ourselves— to seek a world's salvation !

Humanity's **will to act must be awakened** -- for the needs of Peace & our time--

The human Spirit must be redeemed from the despair of a perilous world--
That we may Act most Positively-- for ourselves, for Peace, & and future generations.

Spirit, Untapped Potential

In history, the greatest champion
of Spirit has been religion--

Or, it *is supposed to be* religion,

which has also been its greatest harm.

Why?

◆ The Wrongs of Misplaced Motive

Religion has perpetrated:
Religious Wars
Racism, Sexism & Prejudice

Other spiritual abuses & issues may include:

Heavy Imposing of Judgmental authority, rigidity, blind faith & discouragement of independent thought,
overbearing or negatively charged words or ego- display, hypocrisy, and more...

Victimizers have used religion to Justify & wield Power—

Yet "Religion" itself may not be at fault -- *it has also aided humanity greatly.*

Religion has actually been a valuable tool of

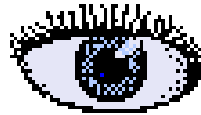

Unity, Inspiration, and a galvanizing movement

**...Dare we Discount its Value
Or its Possibilities as a Tool**

Of Great Power

For our sore-sick World...

Could it be that nothing mundane, nothing less than ‘Something Greater’ than our human power—
the Power of Spirit, perhaps--
can bring about the massive changes needed for peace & the healing of our Century ?

**... A vital role for Spirit’s Power is open, and may call for the
historic vessel of religion and its Rebellion as well...**

◆ To Release the Past

**& S t r e t c h our Minds, Opening to all that Could
Support the Healing Of Our Planet**

A New Spiritualization

Religion has great Power, to Unite, and to divide...

A Healing Faith for Our World

would Strongly Counteract Above- named Abuses --

It would support **Non-Violence & Peace NOW**, without withholds—

True Justice & Equality of Race , Sex, & Nationality, Openmindedness, Fluidity, Honesty, Tolerance

and **Unity** would be its hallmarks.

If it is true that

All the answers to Our World Lie in Unity, then

anything that runs counter to that Must be abandoned...

All Religion is from the same Source, and if religion itself becomes a cause of disunity,
It is Better to do without it altogether--- anything Less-- Is Not Acceptable to the People!

True Spirituality is Flexible & Fluid and can be found both in & out of religion!

Spirit's First Law

Is that We Are Spiritual Beings

Craving Truth & Connection with the Source of Reality (God-Spirit)

Our Soul will **Accept no Substitutes**-- Material or Human--

For the Absolute Truth

There are Spiritual Consequences to All our Acts,

& When we Reject or Discord with Truth,

Spirit Grieves, & will do All it Can ___

Even providing Calamity, Chaos or Insanity--

To Bring us "Home", To the Unbridled Truth.

Our Tests & Difficulties-- individually & as a world --

May Be Spirit Calling Us Home--

To Truth, Healer of Power

Spiritual Apathy

*Is "knowing" we have all the
Answers we Need & "forgetting"*

Our World Is Still in Trouble!--

Any "Way" that ignores the rest of Humanity

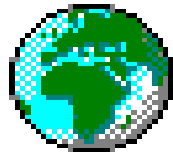

Is not a Compassionate, Spiritual Way!

THIS MEANS: We are not done "seeking"--

nor can we rest on our laurels until our World finds its healing

Answers for the Planet

Will not come with mere "Personal Salvation":

We Need : Planetary Salvation

◆ *Truth has answers; Spirit must have them—*

We cannot stop seeking, or block any avenue of possibility ...

... Perhaps a Voice of ages calls us...

its answers surely would hold something for believers and rebels alike...

Let us trust, knowing a way will appear if we keep going for the Highest that we can be!

But let us not stop seeking & serving!
